Time	9am to 3pm	9am to 3pm	9am to 3pm	2pm to 4.30pm

## A-PLUS Programme

A-PLUS pilot programme is a programme that brings together secondary school students to allow them to explore/learn and understand key scientific concepts according to the school syllabus. ASTI provides a venue that offers a safe, fun and challenging environment for young people to learn using the experiential method during our A-PLUS workshops. The first A-PLUS Programme was held on 24 February 2018 at ASTI office. A total of 6 students participated in the workshop. The next A-PLUS workshop will be held on 31<sup>st</sup> March 2018.

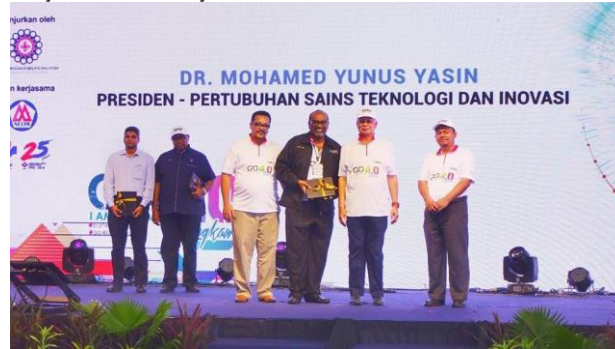

## International Science Drama Competition

As in the previous years, ASTI is once again a partner in this amazing programme. Kindly visit the link below for details about the competition and to watch the video on how to prepare for video submission for the competition.

### Langkawi GO 4.0

Langkawi GO 4.0 was organised by Dewan Perniagaan Melayu Malaysia (DPMM). It was held on 16 & 17 February 2018 at Dataran Parkir LADA in Langkawi. ASTI participated in this event on 17 February 2018 by doing activities for school students at the event. Meanwhile, Dr. Mohamed Yunus Yasin, President of ASTI received an award from Prime Minister YAB Dato' Seri Haji Mohd Najib bin Tun Haji Abdul Razak at the event.

### Malaysia Technology Expo

SMK Bukit Mewah has participated in Young Inventors Challenge previously. This school has won 1 gold and 1 silver medal at Malaysia Technology Expo and also won best project award.

### Malaysian Technology Expo 2018 (MTEX 2018)

SJKT Jalan Yahya Awal participated in Malaysian Technology Expo 2018 (MTEX 2018) with their two inventions which took place in PWTC from 22nd to 24 February 2018. Their inventions were titled PaperMax Sponge and PaperMAX Cycling Machine.
