NEWS

Klang Valley CNC (KV CNC) 2018

Klang Valley CNC (KV CNC) 2018 is a pilot project organised by Rimba Project (University of Malaya) with ASTI as a partner. The programme aims to reconnect urban communities to nature, and to advocate for urban wildlife and biodiversity conservation. A total of 14 primary and secondary schools in Klang Valley participated in the programme by invitation. The workshop for the programme was held on 25 June 2018 and the award ceremony was held on 6 June 2018 at University of Malaya, Kuala Lumpur. Participants have to document the most species from 27 April 2018 till 30 April 2018. The list of winners are as follows:

Top 3 schools (overall)

1. SMK USJ 13
2. SMA Persekutuan Kajang
