

MODULE 2: HOW TO UPLOAD VIDEO IN YOUTUBE VIA MOBILE APP?

Introduction

How to upload video in YouTube using the YouTube Mobile App?

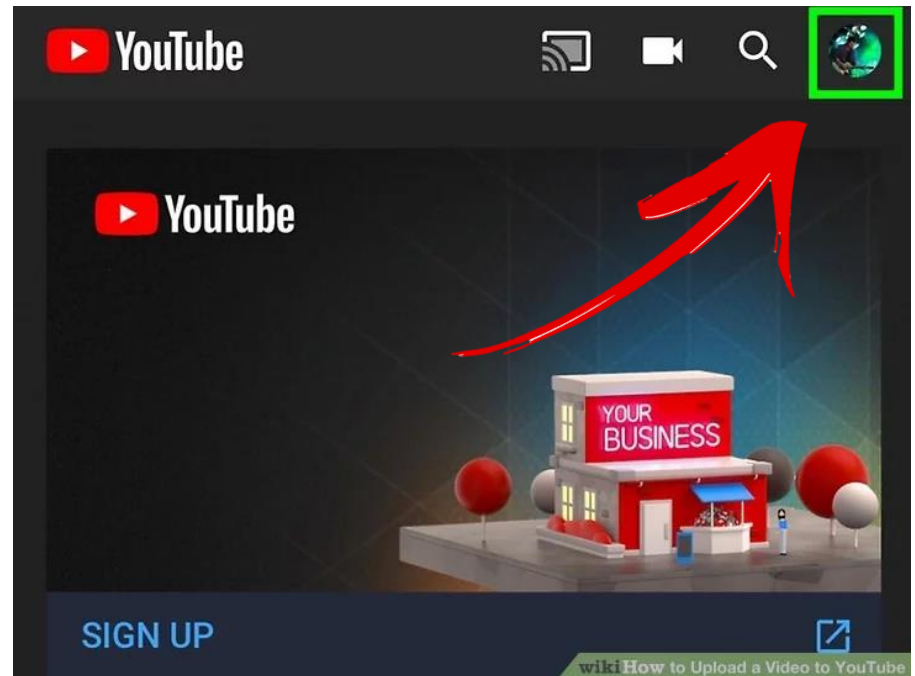

Using the YouTube Mobile App

STEP 1

Make sure you have a Gmail account otherwise create a Gmail account

STEP 2

Tap your profile. It's at the top-right corner of the screen. This opens the menu.

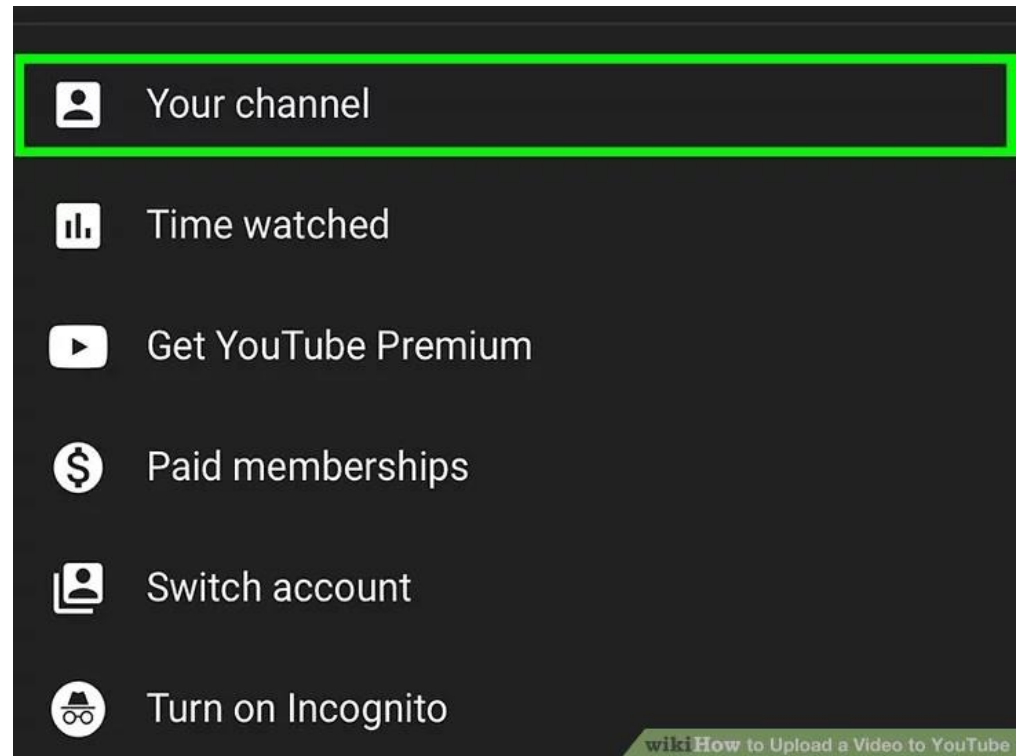

Using the YouTube Mobile App

STEP 3

Tap Your channel.

It's near the top of the menu.

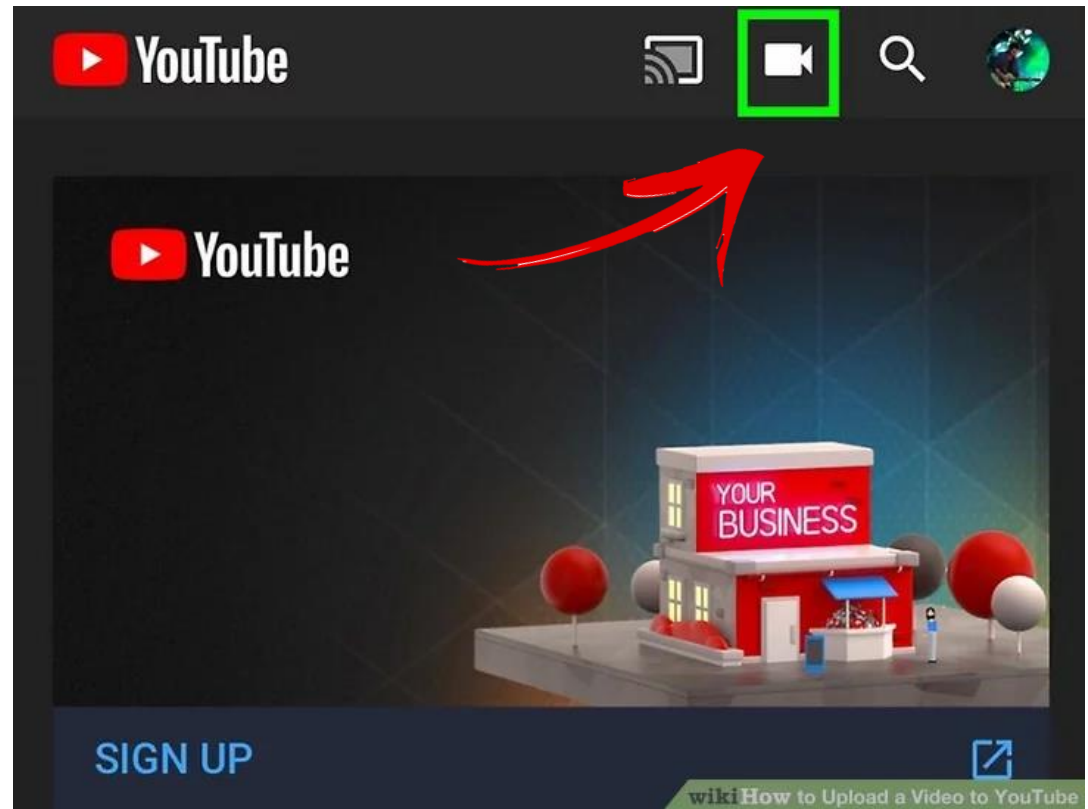

Using the YouTube Mobile App

STEP 4

Tap the video icon. It's on the right side of the bar that runs along the top of the screen.

If it's your first time uploading a video from your phone or tablet, you may have to give the app permission to your photos, camera, and/or microphone before you can continue.

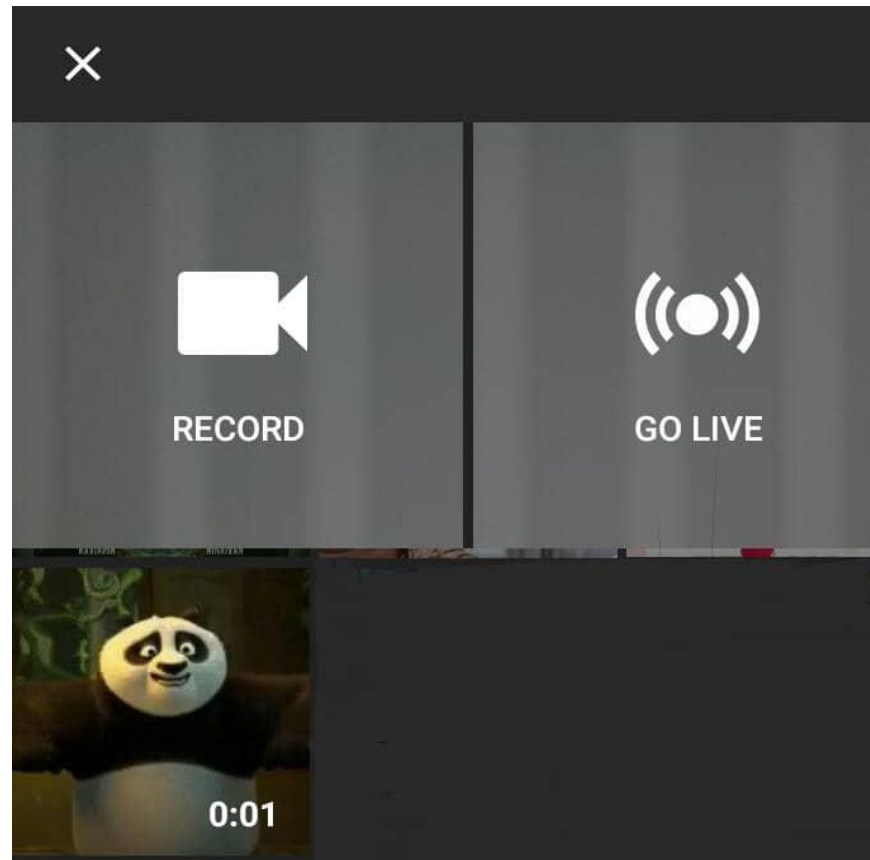

Using the YouTube Mobile App

STEP 5

Select a video. A list of all videos in your phone or tablet's camera roll will appear.

Tap the one you want to upload. Make sure the video is saved as your school name.

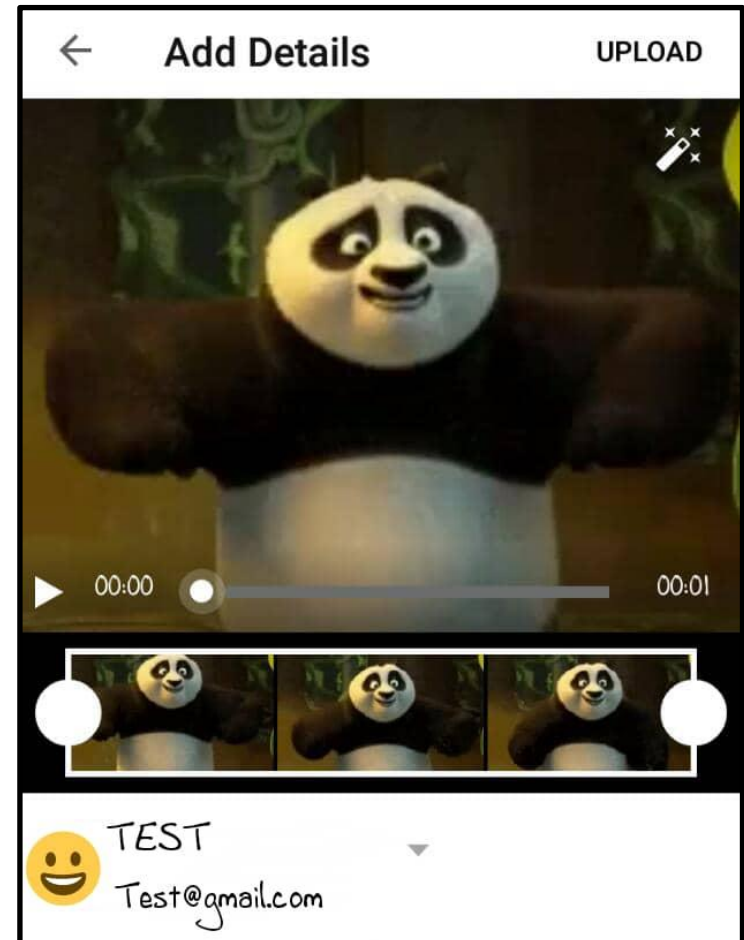

Using the YouTube Mobile App

STEP 6

Add enhancements to the video (optional).

If you'd like to make some last-minute edits, you have a few options:

If you want to shorten the video, drag the sliders on either edge of the video timeline at the bottom of the screen to the desired start and endpoints.

Using the YouTube Mobile App

STEP 7

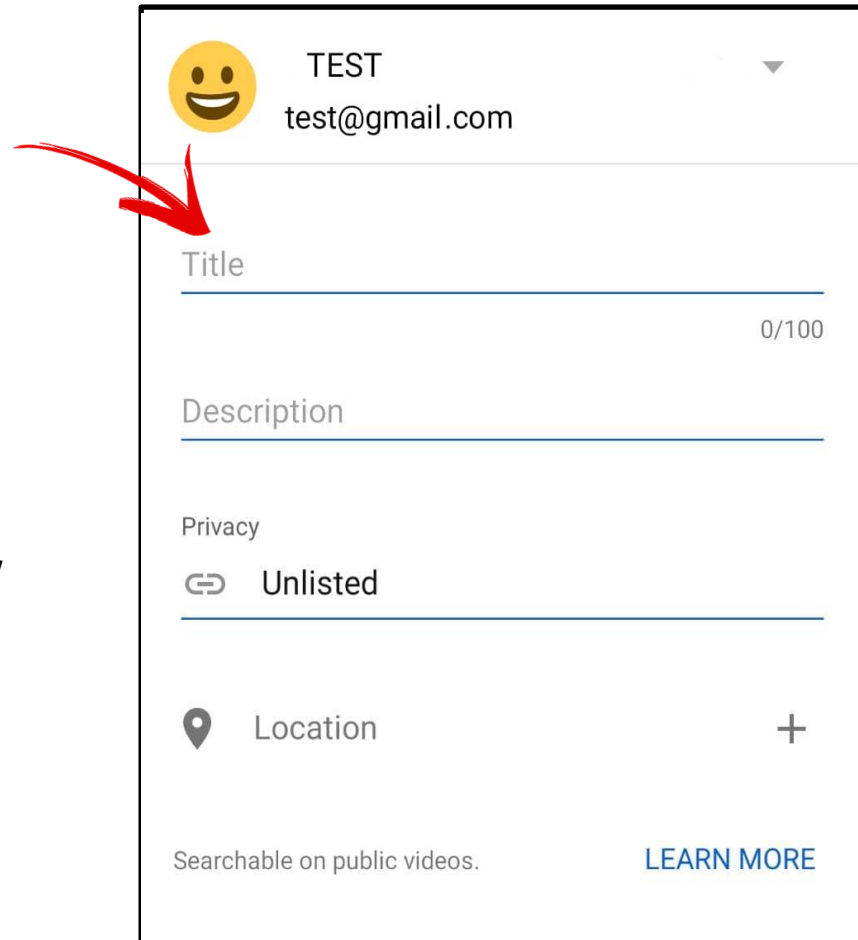

Enter a title.

The title must be **ZLSF2021_school name**.

STEP 8

Enter a description. (optional)

Info in the description will appear below your video while viewing. You can use this space to add some unique information about the video, the creator, or the project details.

The screenshot shows the YouTube mobile app interface for creating a video. At the top, there is a profile section with a yellow smiley face icon, the name 'TEST', and the email 'test@gmail.com'. Below this is a 'Title' input field with a red arrow pointing to it, followed by a 'Description' input field. The 'Title' field has a character count '0/100'. Below the description field is a 'Privacy' section with a link icon and the text 'Unlisted'. At the bottom, there is a 'Location' section with a location pin icon and a plus sign. At the very bottom, it says 'Searchable on public videos.' and a 'LEARN MORE' link.

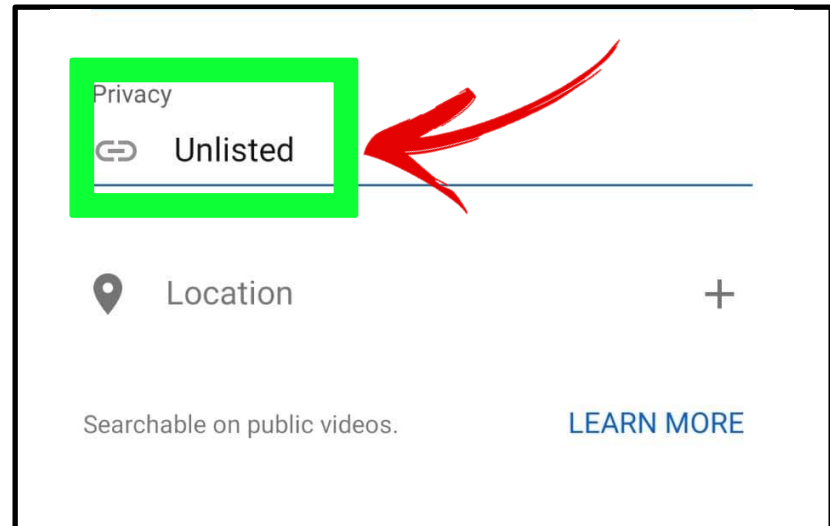

Using the YouTube Mobile App

STEP 9

Select a visibility level from the "Privacy" menu. There are three options in the privacy menu you can select from.

Please select 'Unlisted' option:

This makes your video unsearchable by others. So that no one can copy your concept.

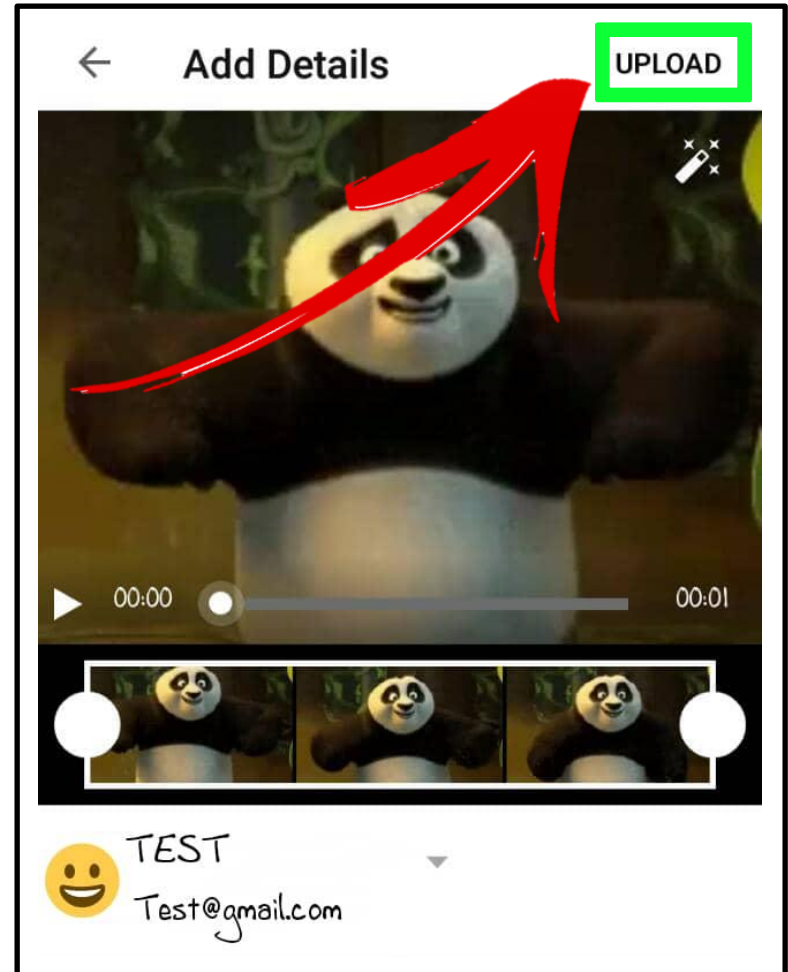

Using the YouTube Mobile App

STEP 10

Tap **UPLOAD**.

It's in the upper-right corner. This uploads the video to YouTube. Once the upload is complete, it will appear in your Videos list.

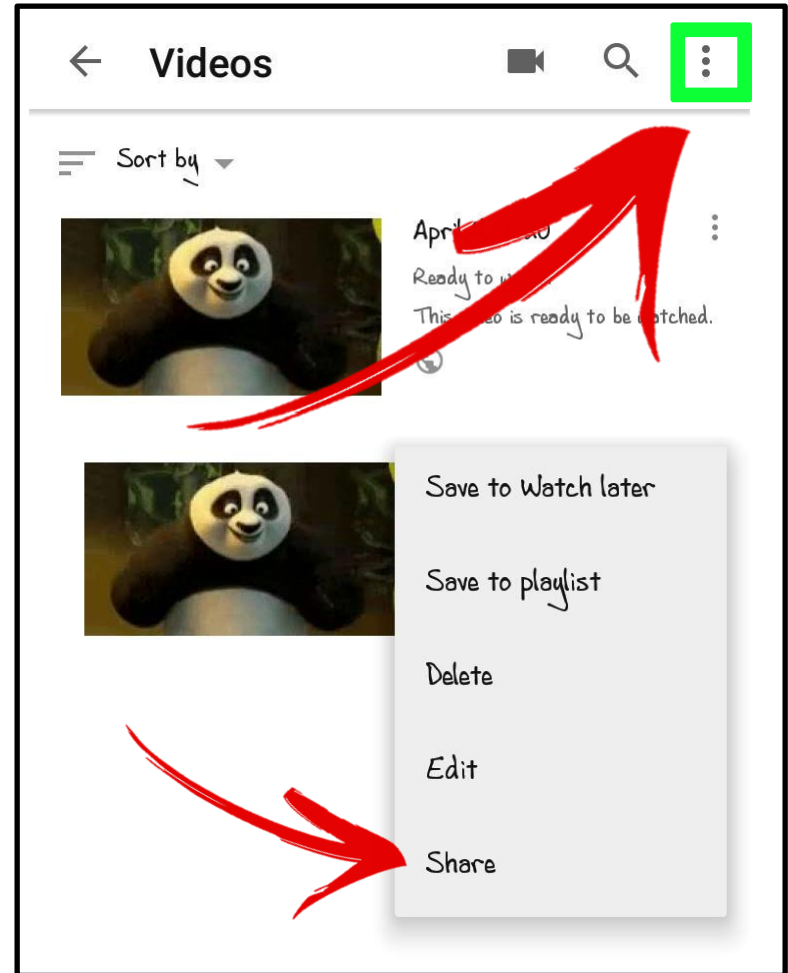

Using the YouTube Mobile App

STEP 11

Copy Link.

In your Videos List, click the option button in the upper-right corner.

Click share and “copy link”

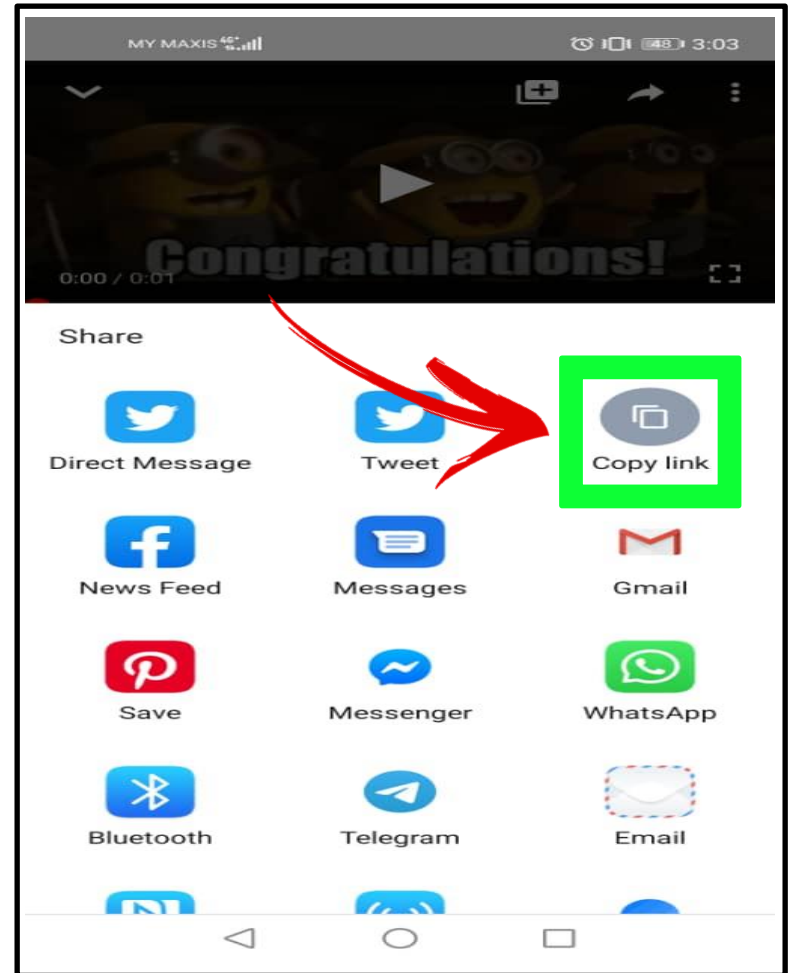

Using the YouTube Mobile App

STEP 12

Copy Link.

Tap copy link. The link will be copied.

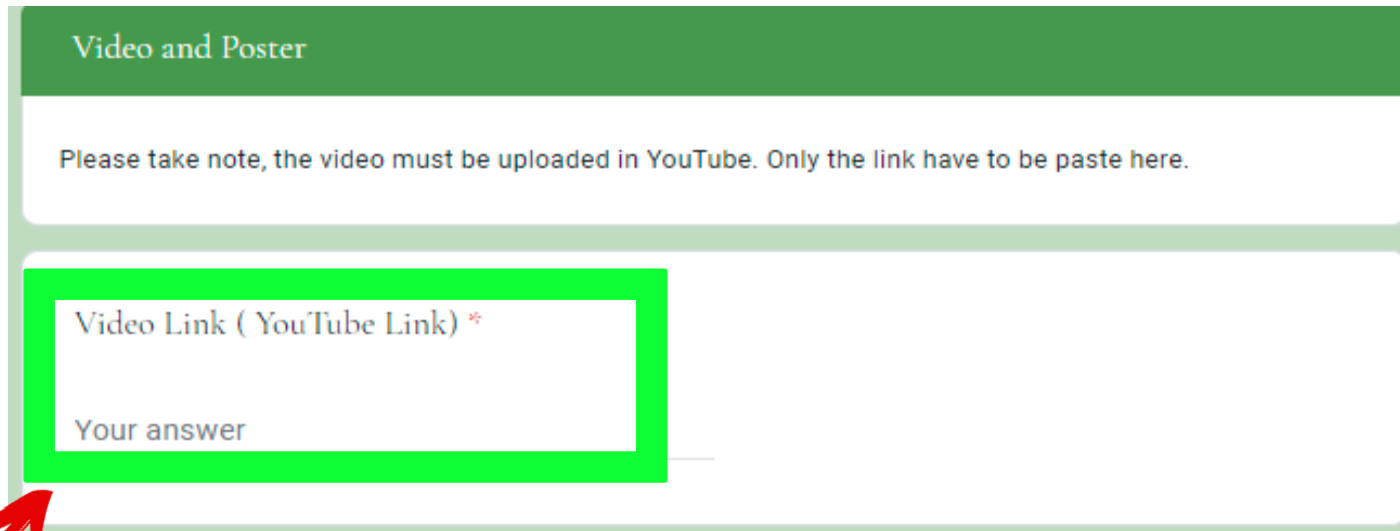

Using the YouTube Mobile App

STEP 13

Paste Link in Google Form

Once done copying the link, participant can paste the video link in the google form. Please don't edit the link. Paste as YouTube generate.

The screenshot shows a Google Form titled "Video and Poster" with a green header. Below the header, there is a text box containing the instruction: "Please take note, the video must be uploaded in YouTube. Only the link have to be paste here." Below this, there is a text input field labeled "Video Link (YouTube Link) *" with a red asterisk indicating it is required. The input field contains the placeholder text "Your answer". A red arrow points to the bottom-left corner of the input field.

Thank
you
